

Would You Save the Profit and More on Your Dress Goods Purchases?

Here is your opportunity. We have gone through our stock of Dress Goods and culled out every piece measuring less than 8 yards and put them on a counter at remnant prices; this means a saving of 25 to 50 cents on every dollar's worth you can buy on this counter.

More Than 300 Yards

Former prices vary from 50c to \$1.75 per yard and length range from 1-13 to 8 yards. There are a good many suit, skirt and dress lengths and any number of pieces suitable for children's suits and dresses. Our dress goods remnants are always picked up quickly so intending purchasers should not delay.

Two Specials

45 inch All Wool Panama 75c. This is one of the prettiest Panamas we have ever seen at this price—it's a very fine, even cloth of tightly twisted yarns and woven in shadow stripes. Colors are Black, Blue, Brown, Red, Catawba and Green.

56 inch All Wool Suiting \$1.00. Think of the width and then of the fact that it's all wool. It has pretty woven stripe and comes in Black, Blue, Brown and Green. It's a splendid fabric for Suits or Skirts.

For Men's Wear

A sturdy shoe, but not lacking in style, proving that there is no necessity for wearing a plow shoe in order to obtain service.
That's our "Aurochs" shoe for men, the product of a factory that has made a reputation for shoes of quality.
In exchange for \$2.50 we give you fit, style, comfort and wear, such as you can obtain in no other \$2.50 shoe.
"Aurochs" are more than usually strong.

Barre wants its new government building constructed of Barre granite and it has the Vermont delegation in Congress fully enlisted in the righteous cause. There is every reason—business, justice and sentiment—why it should be of the granite which has made Barre of importance enough to warrant the government in owning its own post office building in that city.—Northfield News.
Adele Poletti, aged ten years and three months, daughter of Mr. and Mrs. D. Poletti of 6 George street, died yesterday afternoon at the City hospital, where she was taken yesterday for an operation. A very serious case of appendicitis was found and she died while on the operating table. The funeral will be held from the house on George street at two o'clock to-morrow afternoon. The interment will be in the Catholic cemetery.
More than half the amount needed to cover the First Baptist church building with brick and granite trimmings has been raised recently, and it is expected that the remainder will be secured within a week, so that the work of finishing off the church can be started at once. When the church was built two years ago, arrangements were made to have the exterior finish put on at some later date, as there was not money enough available at that time; but the completion has dragged along until now, when energetic steps are being taken to raise the necessary funds, with the promise of success. A brick finish with granite trimmings to this building will add greatly to the architectural beauty of the city square.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralston's retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.
